MY ADDRESS BOOK: OLD LEATHERY BOOK, 6 X 9, 111 PAGES (PAPERBACK)

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English. Brand New Book ***** Print on Demand ******. Modernized address book with a cool cover, same boring inside. Address books are those things you stuff into the junk drawer and seldom look at especially with what smartphones can do today. But some of us still like the old school way of writing out everyone s pertinent information like address, email, birthday etc. The Good The battery in this book (not that there is one) will never go dead. You have the space to write your real friend s information, not like social media where it is everyone you don t want to contact you. It is 6 x 9 so you can actually read what you write especially if you write like me. Tiny lines equals tiny writing which leads to a lot of wrong numbers called to some embarrassing places! Inside you have plenty of room to write down everything you need to remember about that person. And if you decide they aren t your friend anymore you can just white them out. Not as easy as deleting them but still effective none the less. The Bad I might be biased but nothing that I can see. I think at this point you know how an address book works so let s just get to it. If you want the same old boring looking address books there are plenty of them out there but if you want something that doesn t look like grandma gave it to you then scroll up and hit the orange buy button today. P.S. If you are giving this to grandma as a gift let s not mention I joked about her.
