Speechmark Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, My Friend Daniel Doesn't Talk (1st New edition), Sharon Longo, When outgoing Ryan meets Daniel, a boy who is too afraid to talk in school or other places outside of his home, he befriends the silent boy, defending him in school to the other children. Their friendship grows, and Daniel feels comfortable enough to talk to his new friend. Ryan's tendency to 'talk too much' enables him to help Daniel in the classroom, and he hopes for the day when his friend will be able to talk in school so that the other children may get to know the 'real' Daniel. In the meantime, he is willing to continue to be a friend to Daniel until that day. This beautifully illustrated story book is for children with severe shyness, social anxiety or selective mutism to see that they can make a friend like Ryan. It is also a helpful tool for friends of children like Daniel to understand why these children are unable to talk in certain settings. The theme - of accepting others who are different while trying to emphasise with them - is a universal one, and therefore this book may be enjoyed by all children aged from 4 to 8. While the story should not be read to the class while the child is present or without his or her permission, this book is an invaluable tool for teachers trying to understand selective mutism, and wanting to explain it to their students. For comprehensive advice and information on selective mutism, please see "The Selective Mutism Resource Manual" (Speechmark, 2001).
