Reviews

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.

(Meagan Roob)

2012 (FILM)

Alphascript Publishing. Taschenbuch. Condition: Neu. Neuware - 2012 is a 2009 science fiction apocalyptic disaster film based loosely on the 2012 phenomenon and directed by Roland Emmerich. The film stars John Cusack, Chiwetel Ejiofor, Amanda Peet, Oliver Platt, Danny Glover, Thandie Newton, and Woody Harrelson. It was distributed by Columbia Pictures. Filming began in August 2008 in Vancouver. The credits cite the bestselling non-fiction book Fingerprints of the Gods by author Graham Hancock as inspiration for the film, and in an interview with the London magazine Time Out Emmerich states: 'I always wanted to do a biblical flood movie, but I never felt I had the hook. I first read about the Earth's Crust Displacement Theory in Graham Hancock's Fingerprints of the Gods.' The film briefly references Mayanism, the Mesoamerican Long Count calendar, and the 2012 phenomenon in its portrayal of cataclysmic events unfolding in the year 2012. Due to solar flare bombardment the Earth's core begins heating up at an unprecedented rate, eventually causing crustal displacement. 216 pp. Englisch.
