

The Lyon Phonetic Manual (Classic Reprint) (Paperback)

Filesize: 6 MB

Reviews

This publication is definitely not simple to begin on studying but quite fun to see. It really is full of knowledge and wisdom I am just effortlessly can get a satisfaction of studying a created pdf.

(Alfreda Bradtke)

THE LYON PHONETIC MANUAL (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Lyon Phonetic Manual In many respects the eye is superior to the ear, and is capable of recognizing nicer distinctions. This is illustrated in a comparison of the powers of the eye and the ear, in the detection of shades of color on the part of the one, and in the detection of pitch on the part of the other. It seemed, therefore, that the deaf were not lacking in ability to perceive and apprehend visibly represented speech sounds, but were in need of a more perfect mode of representing such sounds. If only a method could be discovered whereby their dexterity in representing sounds would be made commensurate with their power of perceiving them, the greatest possible facility for the interchange of thought would be attained. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
