Brand New Book ***** Print on Demand *****.Throughout history, men and women during courtship have paid close attention to each other's beliefs and opinions. The reason for this is clear: the relationship could not possibly endure if there were serious disagreements about the right or wrong way to do things. Reaching the ideal form of companionship necessitates establishing a foundation of interlocking attributes upon which to build a marriage. Yet certain issues remain, such as how much should one press for similarity in viewpoint, how differences in outlook should be handled, and what level of difference should be considered too extreme. *Equal but Different*, by Paul Dennis Sporer, is an exceptional book that provides an original perspective on how we might comprehend a person's true nature through the interpretation of traits. Using analyses of historical events, census statistics, opinion polls, surveys, and studies, Sporer examines the devices that people use to cognize, match, and adjust patterns of opinions and attitudes. He finds that similarities between men and women in preferences and habits can smooth the path through courtship and into married life. However, it is essential to understand that differences can serve a vital function as well; difference is not fundamentally equivalent to disagreement or dispute. Although perceptions of difference are to an extent derived from familial and cultural factors, prejudices can stand in the way of seeing how variations in personality can actually strengthen a relationship. The book investigates changes in interpretative concepts about personality attributes, where the traditional ideal of love has not been rejected, but instead has been put on hold. A new, defective ideal has taken its place, one that incorporates self-centered motivations. Sporer finds that in...
