

Secret of the Ossuary (Paperback)

By Steve Parton

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Two Canadian students with a camcorder are befriended by Judas Iscariot-in ancient Jerusalem. Can they witness history without rewriting it? Secret of the Ossuary is a work of gripping historical fiction that will appeal to fans of The Da Vinci Code. The book examines the possibility that Jesus Christ was an ordinary man, and did not perform any miracles. What really happened in Jesus time? Scholars agree that most of the gospels were written decades or centuries after Jesus died, but the translations are still being debated today. For those who wondered what life would really be like in first-century Jerusalem, this book offers another perspective, a glimpse of what went on from the point of view of a pair of 21st century young men. This story contains enough intrigue, adventure and mystery to keep any reader invested.
