HEALTHY LIFESTYLE REPORTS: SENIOR HEALTH: PROVEN TIPS YOU CAN USE TO STAY HEALTHY DURING YOUR GOLDEN YEARS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.We live in a world where we want everything immediately. From having fast food restaurants on every corner, the ability to shop from our smartphones, to live streaming sports events, nearly everything we do is at our fingertips. Besides not getting enough exercise from daily activities anymore, throw into the mix the plethora of junk food we consume (because it is quick) and it's no wonder that we as a nation continue to get more and more overweight and obese. So instead of walking to the store, or walking around the mall for a few hours, we order our groceries online and buy new clothes and furniture with a few clicks on our computer or smartphones. Convenience may seem nice but it comes with a price - obesity, heart-related diseases, Type II diabetes and an early death. The health risks of being overweight and obese are frightening. The heavier you are, the higher your chance of getting Type 2 diabetes, having heart disease and high blood pressure, and getting certain cancers such as colon, kidney and breast. However these health risks are reversible if you start now. Do you watch the T.V. show Biggest Loser? If so, then you know that most of the contestants come onto the ranch overweight and taking multiple medications for the conditions they have. After a few months on the ranch and several pounds lighter, most of them leave the ranch off of most, if not all, of...
