

I Hate This Part of Texas

By John Gerken, Hope Amico

Microcosm Publishing, United States, 2006. Pamphlet. Condition: New. Language: English . Brand New Book. John Gerken is definitely a genius. This issue contains things that will make you laugh, smile, and cry - visiting friends in the hospital, the early morning, the story of the zine s title, picking up your friends shifts at work, Shelley s annual trips to India, and organizing drag shows. But the real gem of this issue is the story of teaching 9-15 year olds how to fix bikes. It transcends the obvious and covers all kinds of education - homophobia, identity, feminism, and to question what we mean when we say community. It s all very exciting and best of all it sparked new life and faith in myself. Maybe it can do that for you too; especially if you need it.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
