Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

CELLO METHOD FOR BEGINNERS - VOLUME 2: FIRST POSITION WITH EXTENSIONS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This method is the second for cello beginners. It contains progressive exercises and small pieces, all in first position, but introducing the extensions. The cellist can in the same time practise the bowing and the left hand techniques, and educate his musical sense, the progression is very slow. Both volumes 1 and 2 observe the same spirit: go slowly and practise with pleasure. What makes the originality and attractiveness of the Cello Method Micheline Cumant offers us is intelligently phased approach and the careful choice of popular or well-known themes that catch the attention of young cellist. I wish her all the success it deserves. Reine Flachot - Teacher at University of Arts in Tokyo, in Conservatoire National Supérieur de Musique in Lyon and in Ecole Normale Supérieure de Musique in Paris.
