Reviews

It is great and fantastic. Better than never, though i am quite late in start reading this one. Your life period will likely be transform once you comprehensive reading this book.

(Blanca Davis)

ETUDES DE LA LECTURE CHEZ DES ADULTES DYSLEXIQUES UNIVERSITAIRES (PAPERBACK)**DOWNLOAD**

Univ Europeenne, United States, 2011. Paperback. Condition: New. Aufl.. Language: French . Brand New Book. Cette recherche est centree sur l evaluation des capacites de lecture et des capacites reliees chez des adultes dyslexiques universitaires ages de 20 a 30 pour lesquels un diagnostic de dyslexie developpementale avait ete pose lors des premieres annees de scolarisation. Nous avons compare 24 adultes dyslexiques a 60 normolecteurs de meme age chronologique dans une etude de groupe (pour faire ressortir les capacites qui sont deficitaires chez les dyslexiques) et dans une etude de cas multiples (pour faire ressortir la proportion de dyslexiques ayant, pour une capacite donnee, des performances deficitaires) et ce dans 4 experiences evaluant les capacites reliees a la lecture, les capacites d identification des mots ecrits, la comprehension ecrite et les traitements visuo-attentionnels. Les resultats confirment la robustesse, et la frequence, de deficitaires des dyslexiques dans trois principaux domaines: les capacites d identification des mots ecrits; les capacites phonologiques reliees a la lecture; et la comprehension d enonces et cela quelle que soit la modalite (ecrite ou orale). Comparativement, les deficitaires visuels et visuo-attentionnels sont moins robustes et moins prevalents.
