## STRENGTHS-BASED NURSING CARE

To read **Strengths-Based Nursing Care** PDF, remember to click the button listed below and save the file or have accessibility to additional information that are in conjunction with STRENGTHS-BASED NURSING CARE ebook.

Springer Publishing Co Inc. Paperback. Book Condition: New. Paperback. 448 pages. Dimensions: 10.0in. x 7.1in. x 1.1in. Awarded first place in the 2013 AJN Book of the Year Awards in the Nursing Education/Continuing Education category. This is the first book to provide an in-depth exploration of strengths-based nursing care. It includes personal stories from practicing nurses and expert consultants using SBC, which enhances interest and credibility. It is filled with exercises and examples to help educators or nurses include SBC in their practice. As Dr. Benner states, the book is accessible and easy to read but requires much personal and professional reflection. Score: 98, 5 Stars. --Doodys Medical Reviews. This book is refreshing and timely. In 10 clearly written chapters, Dr. Gottlieb presents the theoretical foundations for strengths-based nursing care (SBNC), and provides practice-oriented examples and strategies for the integration of a human values-based approach that honors and supports transformative professional nursing. --Nursing Forum. I enthusiastically recommend this book for every introduction to nursing course, and equally for graduate nurses in Advanced Nursing Practice Masters programs and nurses currently engaged in practice. This book is one of those rare treats that put into words what expert nurses come to know and experience over time in their best practice. By giving clarity, insight and rigor to a central, but poorly understood value and wisdom embedded in the best of nursing practice, Dr. Laurie Gottlieb has given back to nursing a stronger, clearer self-understanding and social grasp of the best that nursing has to offer--Strengths Based Care can inform all diagnoses, health care design, and implementation. From the Foreword by Patricia Benner, RN, PhD, FAAN Professor Emeritus University of California, San Francisco. Laurie Gottlieb has her eye on the future of health care and what is now required for new directions, new paradigms,...
