She started with no one, and all the people that came into her life either wanted to use her or hurt her. She never had hope, so why want better. She was a bad women that knew how to make things work for her man and make this money. She didn t have love, but she had somebody in her life and she was willing to do what it took to make him stay. She loved him and had loyalty to him. This was all that she knew, and for years she never thought she would be able to leave him. That was until she came across a real Kingpin that made her realize what she was missing in life. He showed her how things could be if she had a real boss nigga. The only thing that would stop them was their pasts coming back and crossing each other. Can Nia and her Kingpin stand against it all and stay together, or is this just another nigga running a game on her to use her. Things gets ugly and people she thought were for her, she learned were against her. She needed to be strong and believe that life could get better. She couldn t just sit on her butt, she had to get up and make things happen for herself. Life can get real out here in the streets of Chicago. The only question is, can Nia and her Kingpin handle it?.
