

Evaluating, Doing and Writing Research in Psychology: A Step-by-Step Guide for Students

By Philip Bell, Phillip Staines, Joel Michell

SAGE Publications Ltd. Paperback. Book Condition: new. BRAND NEW, Evaluating, Doing and Writing Research in Psychology: A Step-by-Step Guide for Students, Philip Bell, Phillip Staines, Joel Michell, Evaluating, Doing and Writing Research in Psychology is a thoroughly revised and expanded co-edition of the highly regarded Reasoning and Argument in Psychology, originally published by UNSW Press, Australia. It represents a comprehensive textbook for all undergraduates in psychology who need to undertake empirical research, taking them step-by-step through the process. In particular, it offers the a range of study skills enabling the student to understand the complex processes involved with psychological research, not really covered in other texts. Coverage includes: * A guide to evaluating statements, arguments and a range of different psychological explanations * Chapters on the interpretation and evaluation of data and evidence, understanding weaknesses in psychological argument, and measurement and numerical reasoning * Chapters on doing a literature review, writing up essays and projects, and reporting observational studies. This is a practical textbook. Textboxes are included to help students comprehend jargon, key research terms and likely problem areas in psychological research. At the end of each chapter, summaries, questions and exercises are included - all designed to give students extra...

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Brennan Koelpin

Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.
