

Forgotten Survival Items: The Top 25 Items That You Forgot to Add to Your Survival Kit.Until Now (Paperback)

By Nicholas Randall

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.You already know the basics: stockpile food, water, ammo, first aid/medicine, and other necessary survival items. But regardless of whether you are just an everyday person setting aside items for survival or disaster or a hardcore prepper, you can still overlook certain things. In this book, I want to outline and discuss twenty five survival items that you may have forgotten to add to your stockpile or survival kit/bug out bag. The items that we will talk about in this book are items that are very easy to find and procure (in fact, you may already have several of them in your house right now), are incredibly inexpensive, and are very versatile in a survival situation despite their overall simplicity. While you may not think you need these items now, in a true survival or disaster scenario such as a natural disaster or an EMP attack, you ll be kicking yourself if you don t have them. Are you ready? I am, so let s begin!.
