John Wiley & Sons. Hardcover. Condition: New. This item is printed on demand. 208 pages. Long accepted as a cost of doing business, occupational fraud has recently proven to be much more dangerous to a company than previously thought. Enron, Global Crossing, and other high-profile cases have shown that the risks can be enormous. Fraud Exposed shows how traditional methods of dealing with occupational fraud are inadequate and how an organizations mindset must change if it is to be more effective in dealing with this problem. In-depth insights and practical advice show readers how to apply criminal and law enforcement response models to workplace fraud prevention and detection; analyze financial controls to prevent occupational fraud; as well as examine and improve current defenses to occupational fraud. Written by an expert in this field, Fraud Exposed provides organizations with a realistic approach to uncovering fraud and eliminating it before any damage is done. Joseph W. Koletar, PhD (Glen Rock, NJ), is a Principal and Service Line Leader in Ernst and Youngs Forensic and Security Services Practice in New York. Prior to joining Ernst and Young, he was the director of the Forensic and Corporate Investigative Services practice of Deloitte and Touche LLP. Before joining the private sector, Dr. Koletar spent twenty-five years as a special agent in the FBI. This item ships from La Vergne, TN. Hardcover.
