

Conservation Psychology - Understanding and Promoting Human Care for Nature, 2E (Paperback)

By Susan Clayton, Gene Myers

John Wiley Sons Inc, United States, 2015. Paperback. Condition: New. 2nd Revised ed.. Language: English . Brand New Book. People are inseparable from natural ecosystems, and understanding how people think about, experience, and interact with nature is crucial for promoting environmental sustainability as well as human well-being. This is the new edition of what is now the leading textbook in conservation psychology, the field that explores connections between the study of human behavior and the achievement of conservation goals. Completely updated, this book summarizes theory and research on ways in which humans experience nature; it explores people's conceptions of nature and environmental problems, their relationship with nature, and their moral lenses on nature; and examines ways to encourage conservation-oriented behavior at both individual and societal levels. Throughout, the authors integrate a wide body of research demonstrating the role of psychology in promoting a more sustainable relationship between humans and nature. New sections cover human perceptions of environmental problems, new examples of community-based conservation, and a positive psychology perspective that emphasizes the relevance of nature to human resilience. Additional references are to be found throughout this edition along with some new examples and a reorganisation of chapters in response to...

Reviews

A top quality publication along with the font used was intriguing to read. I really could comprehend everything using this written e book. Its been designed in an remarkably straightforward way and it is only after i finished reading through this publication by which basically altered me, modify the way i believe.

-- Cathrine Larkin Sr.

Very useful to all of group of people. I actually have read through and so i am certain that i will planning to study yet again once again down the road. I am just very easily can get a satisfaction of looking at a created book.

-- Mark Bernier
