Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. An engineer answers significant questions raised by young adults about God. Addressed are some differences between atheistic and theistic views on evolution, life, and death. His logical interpretation leads to some convincing conclusions regarding the uniqueness of human in the evolution chain. The reader may not have given these much thought, now at the least, it makes the reader think. Since we know that the world exists the author wants to call who ever put it there, God. According to him, even the Big Bang raises the question of who caused it. The author takes you through some logical explanation for the existence man's soul and how man is different from other animals that has evolved through the same millions of years. Finally, the author shows how the advent of Jesus, and his teachings ended the unquenchable thirst of humans to reach God.
