Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Fujifilm X100T and X100S are unique and capable new cameras that have the ability to record both movies and photographs. They offer the recording of high quality high definition movies; they come with a rechargeable battery that can take more than 500 shots when fully charged and with the right memory capacity. They also have the unique features of panoramas, multiple exposure, and long-time exposure for bulb and time mode in the shutter speed selection. The built in flash ensures that you can take photos in the night time and that the red eye effect common at night can be greatly reduced. You also get to try the film simulation under the different bracketing options and the main bracketing for taking photos with the different exposure. The pre-set manual lets you access the settings that you had used when taking a previous photograph.
