Eye Muse, United States, 2015. Hardback. Condition: New. Language: English . Brand New Book. Visually focused, packed with cultural insight, and sized for portability, Guides for the Eyes celebrate the local traditions and visual vernacular that surround us. Operating at the intersection of art and anthropology, each edition in the series explores place through 100 of the most notable features of a region. Vivid photography and informative text provide insight into the significance of each topic, covering regional architecture, design, flora, fauna, food, crafts, folklore, landscape, and other facets of local identity and style. The swirl of activity in which Southern California was created--by a multiplicity of cultures, pioneering industries, and unforgettable personalities--has made for a sometimes fanciful, and always fascinating, history. This influential land at the end of the road has become, and likely will continue to be, a place of new beginnings, innovation, dreams, and aspiration, bringing countless contributions to our world. Southern California: A Guide for the Eyes is a valuable resource of Californian culture that will tickle the fancy of the art lover, design fanatic, anthropologist, historian, and travel enthusiast. With an evocative format and impeccable...
