AFI 33-200 establishes the AF Cybersecurity Program and Risk Management Framework (RMF) as an essential element to accomplishing the Air Force mission. AFI 33-150 provides guidance intended to assist Air Force personnel in identifying activities required to support Air Force communications. Why buy a book you can download for free? We print this book so you don t have to. First you gotta find a good clean (legible) copy and make sure it s the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. We look over each document carefully and replace poor quality images by going back to the original source document. We proof each document to make sure it s all there - including all changes. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it s just a 10-page document, no problem, but if it s 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least...
