### ***Reviews***

*A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).*

Allison Baker was a small town girl, living on her own in the big city. Her choices in men had been destructive, to say the least, until David. This man, and his love for her, was like a fairy tale dream come true. David had taken her broken, chaotic world and turned it back upright again. Every day a piece of the scattered puzzle began to fall into place. She began to see how beautiful she truly was, but the more beautiful she became, the uglier the world around her seemed. Her eyes were now open to atrocities she had never even imagined. Allison didn't think she was that naive, yet she couldn't help but wonder if those things had been there all along without her noticing them? The things which had personally been upside down were now right side up. At the same time, everything she thought was right side up was now upside down. What was happening? Was she to play a role in balancing it all out? Revelations, twists, and turns around each and every corner now seemed to be the new norm. Was David with her or against her? Were the things she now saw a nightmare from which she could not awaken or were they reality? Take a walk with Allison on her journey. Travel the road and observe the picture she now sees. Do you believe you are a discerning person? Perhaps you are not as discerning as you think. Many times the only difference between reality and a nightmare is a matter of perspective. Like Allison Rachel Baker, if what you had always believed were not true, would you really want to know?.
