Ebury Publishing. Paperback. Book Condition: new. BRAND NEW, Dyslexia: A Parents' Guide to Dyslexia, Dyspraxia and Other Learning Difficulties, Valerie Muter, Helen Likierman, Many children spend their entire school lives struggling with their school work. Research has shown that at least 10-15 per cent of children with apparently normal learning ability will have a significant problem with school learning. They may feel that whatever they do it is not good enough - either for their parents, their teachers or indeed themselves. This can often result in feelings of demoralisation, and even alienation from learning and school. This book aims to address these issues and to help parents understand and deal with them. Dyslexia: A Parents' Guide starts by correcting common misconceptions of learning difficulties that are rife in the press and popular literature, and addresses the conflicting approaches and advice from 'experts'. This authoritative guide then moves through diagnosis - with information on dyslexia, dyspraxia, ADHD, dyscalculia and more - to offering practical and easy tips to enable parents to help their child overcome their learning difficulty. Both authors are practising psychologists with extensive knowledge and experience of children's learning difficulties. They will show parents how to develop a successful approach to assessing and subsequently managing their child's difficulties.
