

Careers in Pharmaceutical Research (Paperback)

By Institute for Career Research

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.SOME OF TODAY S MOST PROMISING CAREERS can be found in the pharmaceutical industry. Pharmaceutical researchers (also known as pharmaceutical scientists or pharmaceutical chemists) conduct research aimed at improving human health by developing new medications. They spend many hours in laboratories and with computers conducting experiments, analyzing the results, and preparing new drugs for manufacture. These professionals may find novel ways to extract substances from plants; synthesize new medications from chemicals; or design new therapies by combining existing medications in innovative ways. Most research positions are found at large pharmaceutical companies, biotechnology companies, and multinational chemical concerns that manufacture medicines. There are also opportunities to work with small private research labs, government regulators, nonprofit medical charities, and firms that conduct clinical trials. Some researchers teach at colleges and universities while pursuing their own projects. Some researchers specialize in the discovery of new medicines or on improving existing compounds. Scientists may also be engaged in testing new medications and gaining government approvals. Others oversee safety and logistical aspects for industrial-scale manufacturing of both prescription and over-the-counter drugs. The number of pharmaceutical...

Reviews

An exceptional pdf and the typeface utilized was fascinating to read through. It can be written in straightforward words and phrases instead of confusing. I am just quickly could possibly get a delight of looking at a written ebook.

-- Prof. Arlie Bogan

It is a single of the best book. This is for those who state there had not been a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
