DISTRIBUTED WAVE FIELD SYNTHESIS

Condition: New. Publisher/Verlag: VDM Verlag Dr. Müller | A hybrid space-time finite element method for wave field reproduction | Many problems in geophysics, acoustics, elasticity theory, cancer treatment, food process control and electrodynamics involve study of methods for wave field reproduction in some form or another. In the present work, wave field reproduction problems are analysed as static problems, using finite element methods and treating time as an additional spatial dimension. It is shown that a fully finite element-based scheme...
