

Analyze Your Act: Second Edition (Paperback)

Filesize: 6.39 MB

Reviews

Merely no terms to spell out. It really is rally exciting throgh reading through period. Your daily life period is going to be enhance as soon as you complete looking over this ebook.

(Yvette Marquardt)

ANALYZE YOUR ACT: SECOND EDITION (PAPERBACK)**DOWNLOAD**

van Gessel, Inc, 2017. Paperback. Condition: New. Egories of the ACT. ed.. Language: English . Brand New Book ***** Print on Demand *****. This book revolutionizes the way students take the ACT. Before, they would study hundreds of pages with information about the ACT content and then take numerous tests. Neither approach gave them feedback about their mistakes and too often students would sigh, I have a 29 . again! With Analyze Your ACT, students FIRST get detailed feedback about exactly where they make mistakes. THEN, they study areas that hold back their score. All the needed material is presented in 1-page handouts, which are followed by practice drills and quizzes to gain mastery. Motivation is key! Students do not want to waste an hour on punctuation rules, but they gladly study commas and semicolons if they know it will make a three-point difference in their ACT score. Most students need a quick review of geometry, but they do not need the theorems and postulates. Many students know they have forgotten the distance formula and the midpoint formula, and the only thing they need is a quick reminder about the fundamentals. The 1-page approach of this book helps to break the ACT down into bite-size chunks. What does the ACT measure? Most parents do not know the answer, the majority of teachers have only a vague notion, and the average high school student has no idea. Yet, the ACT is a test that can determine the college admission process and possible scholarships. The trendsheets in this book give an immediate overview of what the ACT is all about. And because the ACT is a standardized test, this pattern will repeat for every test in the past and the future. With this book, for the first time, students know what to...
