Mein Kampf covers a wide-scope that offers an interesting interpretation of politics, business, people, and foreign policy matters. To characterize it as simply a racist work is to oversimplify its message. Germany did not follow Hitler because he was a racist, they followed him because he promised a great future, and Mein Kampf is where he promised that great future. This is the original translation of Mein Kampf by James Murphy created for the Nazi government. This is the official and final edition published by the Nazi government. Murphy went on to alter the translation for publication in Britain, however his polished version was very different and included racial slurs which were not in the original text as well as some embellishments that were his own invention.
