GREEN BOOKS, United Kingdom, 2014. Hardback. Condition: New. Language: English . Brand New Book. Conventional wisdom is difficult to question, even when it is misguided and contains many contradictions. Gardening has its share of such ` myths - some with discernible origins in history, others that have become established for no obvious reason - and they often obscure simpler and easier methods of working. This delightfully illustrated book reveals how common sense triumphs and crops are more successful when these ` rules are overturned. A fascinating but practical book that will save the seasoned gardener time and give new gardeners heart.
