Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

Nortwater, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This is a narrative about what is often referred to as, the natural evolution of atheism. This is not a mere shadow of doubt in God's existence or walking with atheists in order to convince the reader about the legitimacy of atheism. This would be inappropriate and vulgar. My own life's experience is dotted with penalties, dangers and risks of exposing me as an atheist in primitive indigenous communities in the Andean Sierras of South America, when visiting the Shamans in the Amazon Rain Forest, and when I was living incognito within a fundamentalist Christian community in Peru. Those events are briefly described in my book, Prisoners of our Ideals. In a historical context, it is important to articulate the natural and historical evolution of atheism because, in current times, the intense commitments to different forms of monotheist religions have acquired such a strong and dangerous political connotation, especially between the fundamentalist Christianity and orthodox Islam. The widespread suspicion cast on atheists or disbelievers is becoming a real threat to free thought. For the politically motivated religious propagators, atheism is not a small and irrelevant group of free thinkers, but a growing social, intellectual and scientific force. They believe that atheism, science and free-thought would be corrosive to their religious dogma and they are worrying about it. I must admit that they are correct! Atheism is corrosive to religious dogma, whose God states that, If you do not believe in me, you will burn in Hell forever. Contemporary atheists have preserved the long tradition of scepticism, for men and women have been sceptical in God's existence. For instance, Epicurus (341-270 BCE) said Is God willing to prevent evil, but not able? Then he is...
