Reviews

This book is great. I have go through and so i am confident that i will going to read through once again again in the future. I am just easily can get a satisfaction of looking at a written book.

(Miss Vernie Schimmel)

S IS FOR SCIENTISTS: A DISCOVERY ALPHABET (HARDBACK)

Cengage Learning, Inc, United States, 2010. Hardback. Condition: New. David Geister (illustrator). Language: English . Brand New Book. What clutter-busting need was behind the invention of the World Wide Web? Which stain-fighting chemical got its start when a lab assistant dropped a beaker on a lab floor? In *S is for Scientists: A Discovery Alphabet*, the origins behind some of the most important scientific discoveries are explored. Budding young scientists will learn what Galileo witnessed in a church that led to his theory of measurement; how biologist Rachel Carson's book, *Silent Spring*, helped to spur the first call to action in the environmental movement; and why Ivan Pavlov's study of a drooling dog laid the foundations for a new branch of psychology. From discoveries that fundamentally changed scientific methods to everyday inventions that are now taken for granted, *S is for Scientists* sheds light on the events and people who have shaped our lives today. A former teacher, Larry Verstraete now spends his time writing, visiting schools and libraries, and presenting at conferences and festivals. *S is for Scientists: A Discovery Alphabet* is his second picture book with Sleeping Bear Press. He lives in Winnipeg. David Geister's fascination with American history is celebrated in his work, and his paintings have been featured in *The Saturday Evening Post*. Dave's books for Sleeping Bear Press include *B is for Battle Cry: A Civil War Alphabet* and *Riding to Washington*. He lives in Minneapolis, Minnesota.
