*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from A First Course In French This book is designed for beginners. It is not merely an exposition of the grammar - it attempts to teach the spoken and the written language. It combines the direct method with the grammar method and aims to impart whatever ease of expression may result from the use of the direct method with the thoroughness and mental training derived from the use of the grammar method. It is so arranged as to be fitted for the students of both junior high schools and senior high schools; it is believed that the simplicity of the book will appeal to students in all beginners classes - all beginners need to learn about the same elementary facts and vocabulary. Simplicity, practicality, and repetition are its outstanding features. Unimportant points and exceptions have been omitted with the aim of avoiding the mass of detail so confusing to beginners. Efforts have been made to stimulate the student s interest by the following devices: (1) the book is profusely illustrated; (2) the French exercise in each lesson consists of a connected paragraph, based on the picture of that lesson (when one is given); (3) the French exercises of the first thirty-three lessons take up home and school topics, while those of the remaining lessons describe successive incidents of a trip to Paris. Thus the vocabulary is that of everyday life, and, incidentally, it is such as would be needed by anyone visiting France.
