Igor Tohnini. Paperback. Condition: New. 148 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. THERE IS A SECRET REASON WHY THE UNITED STATES OF AMERICA IS SLOWLY DYING. If you are frustrated with the government, this book is for you - because it solves most of the problems with our governments, and also provides a fresh look at everyday topics such as money, lotteries, the rich and the poor, public opinion, jobs, street protests, terrorism, government, and democracy. Easy to read as well as entertaining, this book will resonate with most readers, while leading them on a journey to discoveries of why we are so frustrated with our governments, whats causing the shift of the United States to socialism, and how this process inevitably leads to more governments power and corruption, less individual and entrepreneurial freedoms, and ultimately to a catastrophic crisis of unseen magnitude. This process has already started. The real significance of the book is that it clearly identifies an effective, practical, incremental, achievable, and permanent solution which will reverse this trend. The proposed solution addresses the core underlying reasons of why this is happening to us, and therefore most people would agree with it regardless of their political affiliation or financial status. As a result, it will have profound and transformational positive effect on our country and on the entire humanity. You and other people like you will have the power to reverse the path of our country off the cliff once you understand the underlying reasons and see the proposed solution. It will become obvious that this is the only possible path forward leading to positive changes. It is time for a change! Real change! Most people are too focused on todays politics and are not looking deep enough to notice the magnitude of gradual changes occurring in...
