Off-Grid Living: Building Eco Home, Growing Your Own Food, Food Storage Book #1 This book is your introduction to living off the grid and creating your own power. It s becoming more common as time goes by to have a lot of little things, and the occasional big thing, in your home to help generate power. Not only does it lower the cost of your energy bill it s also good for the environment because you ll be using entirely renewable power sources, and lowering your need for non-renewable power such as gas and coal. You can see why it s such a good idea to move away from the grid and generate your own power. It helps you and the world around you. Book #2 Most people don t have survival garden at the top of the priority list when they begin to treat the soil. In any case, over the long term and as the world news gets...
