The Greenhouse Effect - A Legacy

By Alex Cook

Dog Ear Publishing, United States, 2007. Paperback. Book Condition: New. 213 x 137 mm. Language: English . Brand New Book ***** Print on Demand *****.Climate change with global warming has arrived on the U.S. mid-continent. Violent storms followed by development of dust bowl conditions bring reality to disbelieving residents. Calvin Carpenter, retired physical science professor, has become inspired to ghost write a series of Internet messages containing the basic elements of atmospheric science and the greenhouse effect; neighbors and friends begin to give thoughtful analysis to his words. Calvin, coping with lost love, and Kathy, committed to her music profession after the recent death of husband, are destined to enjoy frequent contact and become caring neighbors. Effects of a monster storm require unique solutions and foster an enduring love. They begin to rediscover the need for a human culture living in harmony with the land and lead their community in adapting to the natural laws of modified climate. Embedded in this story are factual descriptions of the relevant science for readers to give analytic thought to global warming. Alex Cook is the pseudonym for Clyde R. Burnett, a retired physics professor and atmospheric scientist. He developed an expertise in spectroscopic...
