To wisely disciplined eyes, gems of cosmic creativity are everywhere to be found. Ciphian Eyes is the story of a losers tragic-comical struggle toward the ultimate solution. Tom is out of step with the world around him. He is frustrated by his job, by his money troubles, his family, and politics. His inability to engage with people armed with their common sense and his heavy dependence on alcohol leave him angry and defeated. He is unsure how to improve his lot. But Tom is an imaginative thinker with a wide range of interests. Fascinated by the latest findings of cosmology, he looks into the origins of the universe and comes to a slow epiphany. He begins to understand the true nature of existence and starts putting his principles of cosmic consciousness into practice. Tom starts to realise that he only has the ability to change and control his personal environment and so there is little point railing against the rest of the world.
