Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The wonders of Egyptian archaeology are the latest and most precious harvest of scholars and explorers. From Belzoni to Flinders Petrie there has been a succession of discoveries in the valley of the Nile with which it is hard for ordinary students to keep pace. Our knowledge of Egyptian life to-day is far clearer and more complete than Bentley s or Porson s acquaintance with the antiquities of Greece and Rome, and we have far more complete access to the treasures of Egyptian literature than Dante or Thomas Aquinas had to the remains of Attic poets and mystics.
