

Living With Depression (Paperback)

By Elaine Brown

Christian Focus Publications Ltd, United Kingdom, 2005. Paperback. Condition: New. Language: English . Brand New Book. Things can't be all that bad, pull yourself together, Snap out of it These are some examples of a widespread misunderstanding of depressive illness. It is an ignorance found amongst Christians and non-Christians alike. Over recent decades the numbers of people in society suffering from depression has risen dramatically, and it is an issue which friends and relatives have often failed to understand to the detriment of their relationships. This is a state of affairs, which Elaine Brown seeks to change. The misunderstanding and stigma surrounding depressive illness makes it harder to bear for the sufferer than a physical complaint - leaving them feeling alone and isolated in their experience. This despite the fact that depressive illness affects so many! Elaine Brown's account of her experience is therefore such a blessing, a message of hope and re-assurance to all those engaged in such a struggle, cutting through the isolation so many experience. If you seek to help a loved one struggling with depression, you must read this book. If you are struggling with depression it's a valuable source of comfort.

Reviews

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that I am sure that I will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Brennan Koelpin

Comprehensive guide! It's this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Bernie Mante PhD
