

The Growth of Modern Philosophy (Classic Reprint) (Paperback)

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

(Prof. Loyce Runolfsson Jr.)

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Growth of Modern Philosophy Philosophy may be at once, in the best sense of both words, popular and scientific. Plain speech does not make exact thinking impossible; and indeed there is authority enough, even in the work of recognised philosophers, for treating of the highest problems in the simplest language. Plato did not write textbooks, but dialogues which might be read outside the school; and Hume confessed to an attempt at being ambassador from the realms of learning to those of conversation - not, perhaps, without a smile at these divided kingdoms. The distrust of philosophic terminology, so common in England, is a most valuable corrective for those uncouth obscurities with which philosophers sometimes mistakenly attempt to glorify their subject. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
