

Underwater Photography: A Guide to Capturing Images (Paperback)

By MR Steven Brumby

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book encourages and guides the avid recreational underwater digital photographer to capture rewarding underwater still images with relative ease and within their budget. The book recognises that many people are motivated to create images of their underwater experiences but that they may find getting rewarding results more difficult than their experience out of water. Many are inspired to learn more about photography by the fascinations of the underwater world more than they have had on land. Throughout, key points are illustrated in colour with over 100 diagrams and photographs with supporting information to allow the reader to compare and contrast various techniques and images. The fundamental concepts, techniques, skills and equipment described are relevant for anyone getting started and for those with experienced but are not getting the results they want. The author recognises there s a continuum from beginner to advanced recreational photographers or Pro/Enthusiast. This guide shows how results can be obtained from modest investments in equipment, ranging from the modern compact to perhaps an SLR with multiple light sources. The guide aims to demystify many...
