Fireship Press, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Finally!! The Book that RAMAGE Fans Have Long Awaited! Between 1965 and 1989 the British author, Dudley Pope, wrote the 18-volume Ramage series of nautical fiction novels. With its publication Mr. Pope joined C.S. Forester, and Patrick O Brian as one of the giants of the nautical fiction genre. While companion books have been written for the Forester and O Brian series, no one has yet written a companion book for Ramage. Until Now! Tom Grundner has created an indispensable guide for the Ramage fan. Written in a light and entertaining style, he provides snapshots of the people, places and events that shaped Nicholas Ramage and his times. It s a treasure trove of information not only for the Ramage devotee, but for anyone interested in 18th and early 19th century naval warfare. Do you know Southwick s real first name; the difference between a long nine and a carronade; or how the French press described their victory at Trafalgar? Do you know the precise location of no where ; the amazing history of the Eddystone Light; or, how to make lobscouse? If you had a duke, an earl and a baron over for a cold one and to watch the game, do you even know who gets the pretzels first? The book that puts the capstone on the Ramage series. The Ramage Companion.
