

Teaching Social Science in Schools: NCERT's New Textbook Initiative

Filesize: 6.05 MB

Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

Sage Publications, New Delhi, India, 2009. Paperback. Book Condition: New. First Edition. The NCERT has been publishing a new generation of social science textbooks since 2005. Teaching Social Science in Schools is a manual that explains the rationale for the new approach and illustrates how the new textbooks can be used effectively. It provides answers to many questions such as: - What problems are teachers likely to face while teaching with the help of the new textbooks? - Why not provide straight and direct definitions for children to learn? - Have such textbooks been used elsewhere in the country? - What roles are parents expected to play? Alex M George and Amman Madan come up with jargon-free replies in a friendly, frequently-asked-questions format. They take us through the challenges of textbook preparation and offer guidelines for interactive classroom sessions. This book is a must-have not only for school and college libraries, but would also well adorn the bookshelves of teachers, trainee teachers, parents, students, educationists, designers of school curricula, or any reader interested in the way young people are taught social science in India. Printed Pages: 112.
