DE LA STRATEGIE EN GENERAL (PAPERBACK)

DOWNLOAD

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Large Print. Language: French . Brand New Book ***** Print on Demand *****. Mort en 1831 apres avoir succombe au cholera, le General Carl von Clausewitz laissa derriere lui une oeuvre monumentale, non achevee, qui lui valut une reconnaissance posthume sur le plan international. A l origine, sa Theorie de la grande Guerre (Vom Kriege) devait comporter dix volumes. A l instar d un Sun Tzu ou d un Machiavel, le texte de Clausewitz depasse largement le cadre militaire et se lit comme un veritable traite de philosophie dont les enseignements ont fortement marque les esprits dans differents domaines des sciences humaines, que ce soit chez les specialistes de politique, de sociologie ou, plus recemment, de strategie economique. Clausewitz y percoit notamment la guerre, non comme une fin en soi, mais un moyen, comme un art qui possede dans tous les cas de figures une dimension politique qui ne doit pas etre eludee au risque d en perdre l essentiel. Les pages qui suivent constituent la premiere partie du Volume 1 de sa Theorie de la Grande Guerre et abordent la question de la strategie d un point de vue general, fragment de l oeuvre du General Prussien que nous avons estime etre revelateur de cette approche si singuliere qui permet a ces ecrits, encore aujourd hui, d etre etudies dans les manuels scolaires.
