*A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.*

Elizabeth is a bright, talented and driven student of Medieval History. New to the University, she throws herself into her studies with unbridled enthusiasm and a thirst for learning. But there is one thing that she does not anticipate. Namely, finding the lecturer - Professor Daugherty - more attractive than she anticipated. She had never been the sort to have crushes on those that were teaching her, not even at the height of puberty with hormones raging. With his gentle but unyielding manners and rich accent, she finds her attention no longer just on her subjects and grades. What follows is a whirlwind of seduction and resistance, charm and forbidden desires being sated alongside the struggle to maintain the facades that both involved have put up. Will Elizabeth be able to keep up being a model student? Or will her trysts with the Professor cause favours to have to be owed.
