Brand New Book ***** Print on Demand *****.USA NO LONGER TOTALLY IN CONTROL OF IT S DESTINY, details, read F L Sirmans books blogs. The founding fathers put most of the real power in the hands of the people and the states, but, the people and the states gave up their real power. The states gave up their real power by giving up the right to appoint two senate representatives every six years. And the American people give up their real power by allowing the federal government to seize and keep the family provider role for itself. Whoever carries out the family provider role is the boss and true ruler of the country. Another cold hard fact on that matter is: It is impossible to Have free competition and a free market place with government finger all in the pie. The more government gets involve the less of a free market place you will have. When government sets a minimum wage which is like a vehicle with no reverse and enacts every kind or regulation and mandate one can imagine that means our USA economy doesn t even come close to being a free market place. That being the case, no one has to tell me that a total collapse is possible. In the distance past a collapsing economy was something almost normal. It was just a rebirth or renewal. The strong nuclear and extended family system along with plenty bartering capacity would keep order until enough new growth kicked in. We no longer have that safety valve anymore, western welfare states has just about destroyed that entire infrastructure. We no longer have a strong reliable nuclear and extended family structure anymore everybody is depending on our...
