The National Response Coordination Center (NRCC) is a multiagency center that provides overall Federal support coordination for major disasters and emergencies, including catastrophic incidents and emergency management program implementation. Staffed by the National Response Coordination Staff (NRCS), the Department of Homeland Security (DHS) Federal Emergency Management Agency (FEMA), maintains the NRCC as a functional component of the National Operations Center (NOC) in support of incident support operations at the regional-level. Upon activation, the NRCS provides national-level emergency management by coordinating and integrating resources, policy guidance, situational awareness, and planning in order to support the affected region(s). The FEMA National Incident Support Manual describes how FEMA national staff support FEMA incident operations and briefly discusses steady-state activities pertinent to incident operations. This manual defines the activities of Federal assistance across the nation and within FEMA's statutory authority supporting citizens and first responders in responding to, recovering from, and mitigating all hazards. It includes definitions and descriptions of roles and responsibilities, functions, and organizational structures for those conducting FEMA incident support duties, thus forming the basis from which FEMA personnel plan and execute their assigned missions. This manual also serves as the basis for developing related guidance (procedures, handbooks, incident guides, training materials, etc.). This manual will also discuss how NRCS procedures are relevant to all personnel (FEMA, other Federal agencies, nongovernmental organizations, and the private sector) who are either assigned to or coordinating with the NRCS. The NRCS is aligned by the functions it performs to meet the FEMA mission. This has the following advantages: NRCC structure is aligned to its primary Missions; Planning support, situational awareness, resources support, and National Response Center and Staff support are addressed as separate functions; No redundancy...
