

C# 3.0 in a Nutshell: A Desktop Quick Reference (Third Edition)

Filesize: 8.14 MB

Reviews

The most effective pdf i ever read through. I am quite late in start reading this one, but better then never. Its been developed in an exceedingly simple way in fact it is only soon after i finished reading through this pdf by which in fact altered me, modify the way i think.

C# 3.0 IN A NUTSHELL: A DESKTOP QUICK REFERENCE (THIRD EDITION)

[DOWNLOAD](#)

Shroff Publishers/O`Reilly, 2007. Softcover. Book Condition: New. 3rd edition. 15 x 22 cm. This is a concise yet thorough reference to C# 3.0 programming as implemented in Microsoft`s Visual Studio 2008. C# 3.0 in a Nutshell gets right to the point, covering the essentials of language syntax and usage as well as the parts of the .NET base class libraries you need to build working applications. But unlike earlier editions, this book is now organized entirely around concepts and use cases, providing greater depth and readability. C# 3.0 introduces the most significant enhancements yet to the programming language, and C# 3.0 in a Nutshell delves deep into the subject while assuming minimal prior knowledge of C#-making it accessible to anyone with a reasonable background in programming. In addition to the language, the book covers the .NET CLR and the core Framework assemblies, along with the unified querying syntax called Language Integrated Query (LINQ), which bridges the traditional divide between programs and their data sources. Free of clutter and long introductions, this book provides a map of C# 3.0 knowledge in a succinct and unified style: Opening chapters concentrate purely on C#, starting with the basics of syntax, types and variables, and finishing with advanced topics such as unsafe code and preprocessor directives. Later chapters cover the core .NET 3.5 Framework, including such topics as LINQ, XML, collections, I/O and networking, memory management, reflection, attributes, security, threading, application domains and native interoperability. Printed Pages: 874.
