

Raising the Flag: How a Photograph Changed the Fight for Integration (Paperback)

Filesize: 6.54 MB

Reviews

The ebook is fantastic and great. I really could comprehend almost everything using this published e book. You will not really feel monotony at at any moment of the time (that's what catalogues are for regarding should you check with me).
(Izabella Little)

RAISING THE FLAG: HOW A PHOTOGRAPH CHANGED THE FIGHT FOR INTEGRATION (PAPERBACK)**DOWNLOAD**

COMPASS POINT BOOKS, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. By February 1945 the United States had been fighting World War II for more than three years. Soldiers were worn down from battle, and civilians were drained by sacrifice. But a photograph of Marines raising an American flag on Japanese soil gave a wearied nation a renewed sense of pride and hope. This powerful image of strength and determination became the most famous image of the war. It not only captured a moment of victory against a strong foe. It also represented the effort every member of the armed forces had made and offered Americans the promise of victory and an end to conflict.
