Reviews

Definitely among the best book I have possibly read. I have study and i am sure that i will going to go through once more once more later on. Your lifestyle span is going to be convert when you full looking at this publication.
(Prof. Damon Kautzer III)

MONEY TALKS: LIFE LESSONS TO HELP YOU PLAN NOW, SAVE WISELY, AND RETIRE WELL (PAPERBACK)

Drumm Beat Publishing, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. What is your money telling you? Is your checking account telling you that you're eating out way more often than you should? Is your mutual fund statement telling you that you should be investing more money on a regular basis? Is your savings account telling you that it's time to add to your emergency fund? Is your life insurance policy telling you that now would be a good time to revisit it? Money talks. It says a lot about who you are, what your dreams are, and how you'll attain them. How well you listen might very well determine whether you can reach your financial goals-for you and for your family. If you don't listen to what your money is telling you, reaching your financial goals-from buying your first home to taking your dream vacation to retiring comfortably (and everything in between)-can seem almost impossible. If you do listen, however, financial freedom-and all that entails-might well be yours for the taking. Regardless of where you are in life-a young professional just starting out, a seasoned executive getting closer and closer to retirement, or a retiree living out your Golden Years-it's important (crucial, really) to develop good financial habits, from saving to investing to planning for the future. Good financial planning need not be complicated or scary or daunting, but it does require some careful considerations that will help you prepare for every stage of life, save wisely, and retire well. In these pages, our team of financial advisors shares with you real-world examples of real people dealing with real-life money issues. You'll read stories about people from all walks of life as they navigate different economic...
