Educative Assessment: Designing Assessments to Inform and Improve Student Performance (Paperback)

By Wiggins

John Wiley Sons Inc, United States, 1998. Paperback. Condition: New. Language: English . Brand New Book. Wiggins makes the most convincing case yet that school-based assessment should aim mainly to improve, rather than to audit, student performance. Thanks to his penetrating discussions of feedback, the relationship of formal designs to practice, teaching for understanding, and rubrics, this book should dispel common misconceptions and elevate both the understanding and practice of authentic assessment - Fred M. Newmann, professor of curriculum and instruction, University of Wisconsin , Madison Assessing Student Performance laid out the theoretical foundations of a new assessment system that provides a more authentic picture of student capabilities than standardized testing. In Assessment for Excellence, Grant Wiggins provides guidance on how to design performance-based assessments for use in the classroom. This book covers all aspects of assessment design, including how to craft performance tasks that meet rigorous educational standards, how to score assessments fairly, and how to structure and judge student portfolios. It also looks at how performance assessment can be used to improve curriculum and instruction, grading and reporting - and teacher accountability.

Reviews

This kind of pdf is every thing and made me seeking ahead plus more. It is probably the most amazing ebook i have study. I am quickly can get a enjoyment of reading a composed pdf.

-- Florence Rutherford DDS

Definitely among the best ebook I actually have possibly read through. It is really simplified but unexpected situations in the 50 % from the publication. You wont truly feel monotony at at any time of the time (that's what catalogues are for concerning in the event you ask me).

-- Jerald Champlin II
