Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, after the way I believe.

Rock s Mills Press, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. An evocative post-apocalyptic vision of loss, love and redemption . Last man on earth--I m beginning to fantasize that. The last human survivor! Seems very unlikely, in a world inhabited by so many millions of people in so many cities, so many countries. However, I always did find pleasure and some company, or illusion of company, in books--and in my own writing, those unpublished poems and short stories piled up in my closet at home! So now here I am taking refuge again in the comfort of words? Beloved words! Of course nobody will read the ones I write now, almost certainly they won t. So who am I writing them for? Myself, I guess. My other self. The urge to communicate remains, remains to the end?--even if only with oneself. So begins Librarian, a compelling short novel of survival and the search for meaning. Compelling characters and thought-provoking meditations on the meaning of philosophy and literature in a world gone wrong make Librarian a book you won t put down--and won t soon forget. To live through a devastating event, to become isolated from one s fellow humans and...
