Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

COUGH SYRUP SURREALISM

Fingerprint/Prakash Books, 2013. Softcover. Book Condition: New. Nineties was a roaring time for the country. A lot happened then which was instrumental in the country being what it is today from policies to Bollywood taking a new form and shape to the way people started thinking differently. The Nineties child grew up on a different dose of memories and this is what Tharun James Jimani is talking about in his debut book, Cough Syrup Surrealism. The protagonist is young and almost lost. Charlie wants more but doesn't know what that is. He is constantly drifting between wanting to live and the urge to end his life. Not to forget that he is still stuck in the nineties (given he is a nineties child) when it is clearly 2006. He is also in love, with the beautiful Paloma. The 90s references are something that almost everyone can relate with and Jimani has not discounted any of those throughout the book. From the Maruti aspiration to MTV pop culture to the movies of the 90s, Jimani has almost got it all covered. The writing is racy and can tend to get repetitive at times, but given the plot and the characterization of Charlie, the reader can ignore the monotony. Description: Cough Syrup Surrealism, by Tharun James Jimani, is a psychedelic tale about college life and growing up, featuring Charlie, whose life is turned upside down when two girls mistake him for a drug dealer, throwing him into the fast-paced world drugs, sex and rock n roll. Summary Of The Book Charlie is the protagonist of Jimani's Cough Syrup Surrealism. He is characterized, at least by Mao (Charlie's imaginary friend), as a non-suicidal, non-depressed, delusional coward, who is too scared to even cut himself while shaving. No one is aware of Mao, he is...
